The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles or to get service which they have seen uniquely advertised perhaps a year before. Good lasting impressions count heavily toward success.

The impression that we are "well known" or that "everybody knows us" is a common fallacy of the mind. Experts have studied the actual facts by practical questions aimed at the public. Their finding is this: The best known business man is only one-half as well known as he thinks he is.

Do not let this fallacious reasoning take a toll from YOUR business—advertise it.

AIMS AND OBJECTIVES

Endicott is a non-profit institution controlled by a group of well-known Trustees and Advisers who have selected a faculty which, on the basis of academic attainment and competence as individuals, make a rich contribution to the junior college field.

Endicott is unique in its practical program which offers in addition to cultural subjects, guidance, training and actual experience in a vocation. The curriculum recognizes each student as a separate personality and offers to that individual a well rounded program for living.

Endicott aims to create an atmosphere that will crystallize an appreciation of spiritual values, a realization of the importance of social, athletic and extra-curricular activities as important elements in the development of personality.

Located in a beautiful campus setting of seventy-five acres on New England's attractive North Shore a few miles from Boston, it enjoys physical advantages ideally suited to its educational program.

Spelling IS Important

The United States Government has found it costly and wasteful of time to misspell proper names. Cases have been obliged to pass twice through the Senate for the simple error of spelling a first name wrong.

GIVE YOUR CUSTOMER, OR CORRESPONDENT THE COURTESY OF CORRECTLY SPELLING HIS OR HER NAME. FIND IT IN THE CITY DIRECTORY.

TWO SERVICES

. . . and your community

In this modern age electricity and gas play a prominent part in the development of a community. Whether it be for domestic, industrial or commercial purposes, these two services stand always ready — to act and to serve at the touch or turn of a switch.

The ease and simplicity of their usage has made us accept them "as a matter of fact." This acceptance in itself is a testimonial to their high degree of efficiency.

Walk along any street, day or night, winter or summer, and you see just the outward signs of their existence. Then realize that, at this same time, in homes, stores and factories, these services are being utilized for even wider uses upon which our everyday existence is dependent.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it, it would interest you, would it not?

THE DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as the buyer wants in the Directory, properly indexed under all the headings where he might look for you.

To be properly registered costs less than to be left out.

PRODUCING THE PRODUCTIVE

INTRODUCTION

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. The recent census places Beverly slightly over the 29,000 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. Let us in brief enumerate the reasons why Beverly is one of the best cities in our Commonwealth.

CROWLEY & LUNT'S
CITY OF BEVERLY
STREET AND HOUSE DIRECTORY
1940

Giving the location of the streets, places, parks, squares, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. †The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parentheses (—).

* Indicates telephones.

† Exceptions to this rule occur occasionally.

⊙ Property ownership.

REMOVALS AND DEATHS. The names of persons removed from the city within one year, as far as can be learned, and the names of persons over seventeen years of age who have died during the same period, have been included in the GENERAL DIRECTORY.

A PROPER NAME IN PARENTHESES following the name of a man indicates the wife's first name.

NAME OF CITY OR TOWN IN PARENTHESES indicates the winter residence of the person.

CROWLEY & LUNT'S
CITY OF BEVERLY
BUSINESS DIRECTORY
1940

(For Hamilton and Wenham Business Directory See Back of Book)

Beverly, clean, healthful and beautifully located on the North Shore, with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its continuous growth proves it to be the coming city of this part of the Massachusetts coast. With a valuation of nearly $50,000,000, within its limits are scores of palatial estates, all year round, or summer villas chosen by the wealth of the nation because of the sheer beauty of this coast. The manufacturing industries comprise machinery, shoes, oil, oiled clothing, iron foundries, mattresses, planing mills, grain elevators, electric works, etc. The shoe industry, established more than a century ago, pays a large annual wage.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 expert mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its large steamships running from Port Arthur, Texas. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1937, estimated about 31,500. Eighteen miles from Boston on the Boston & Maine Railroad, Eastern Mass. Bus connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department; Good sewers. Superlighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over $50,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

***Patrons' insertions only under headings with asterisk.**

613 MAIN STREET HAMILTON, MASS.

The lasting impression left by an advertisement on the reader's mind is the thing that counts.

People go into stores to purchase articles or to get service which they have seen uniquely advertised perhaps a year before. Good lasting impressions count heavily toward success.

★

Comparisons made by a Springfield, Mass., special committee found that for every full page of names in the

City Directory

there were only 8 names in another - quite commonly referred to - book of reference.

The argument that there existed any substitute for a good city directory failed signally.

★

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is . . . .

Name Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated Number 2, after newspapers, on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it heavy support.

A DIRECTORY

has a large potential "consultant use," easily proven to be

over a million readers a year

ON A BASIS OF 1000 BOOKS ONLY
IN A DISTRICT.

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

Use of other substitute publication to answer queries was investigated by a special committee of the Springfield Chamber of Commerce and was found to suffer by comparison signally. The telephone book had eight names, where the Directory had a full page of names.
